## BALL VALVE LOCKOUT

These Lockout devices are made of Engineering Plastic for high durability. These can be used in high temperature areas also. The Ball valve Lockout devices are used to isolate different valve handles in OFF position.

### MODEL# : LMM62

Type: Adjustable  
Valve Size: 10-32  
Material: PP  
8 mm Hole Dia.

### MODEL# : LMM63

Type: Adjustable  
Valve Size: 38-63 mm  
Material: PP  
8 mm Hole Dia..

### MODEL# : LMM66

Type: Adjustable  
Material: PP  
8 mm Hole Dia.  
Valve Size: 13-64 mm

### MODEL# : LMM67

Type: Adjustable  
Material: PP  
8 mm Hole Dia.  
Valve Size: 50-200 mm

### MODEL# : LMM68

Type: Standard  
Valve Size: 6-25 mm  
Material: Steel  
8 mm Hole Dia.

### MODEL# : LMM69

Type: Standard  
Valve Size: 32-76 mm  
Material: Steel  
8 mm Hole Dia..
